Dianne Demmons said that she wants to put a drive way and saw that there is no mention of drive ways in the deeds or in the covenants only in the drive way there are a number of things that are prohibited that are silly in her mind

We examined the map and saw that it referenced a book and lot number that prevented things in the hancock county registry of deeds book 3913 pg 317 that seemed to talk about native American preservation and doesn't seem to apply

We will talk with Rebecca and see about what changes can be made

Mike motioned to adjourn at 5:21 seconded by Graham meeting ended meeting.
