

7/7/2022 Planning Board meeting.

There were no items up for the planning board to meet on prior to today. So, a meeting was not announced. No one other than Norman Bamford showed up to the meeting so no quorum was made.

Norman did talk with Stacey about building permits and how in his experience they always go through the planning board.

Stacey said she would email all of the planning board members a new proposal for a building site on Schoodic lane

At 5:11pm Norman Packed up and left.
