FAMILY CAREGIVER PROGRAM

Information and Assistance
Offers extensive resources and information on services available to the caregiver and person they are caring for. We can provide one-on-one in-person, phone, and zoom appointments to further discuss Family Caregiver options.

Caregiver Support Groups
Brings caregivers together to share their experience in a confidential and supportive setting. Support groups help caregivers gain skills, build confidence, and learn helpful resources available in the community.

Powerful Tools for Caregivers Training
A comprehensive training for families and friends caring for someone with memory loss, Alzheimer’s disease or dementia, focusing on the importance of self care.

Caregiver Respite Programs
Supports caregivers by helping them pay for someone to provide care for their loved one, pay for services and devices to ensure safety, and/or self care. EAAA offers two different respite programs to caregivers and both have eligibility requirements.
