Town Manager Notes:

Greetings,

As you may have already seen, our sign in front of the Town Office is working again!

Future Selectboard and Committee meetings shall be posted so that everyone can stay updated and be able to participate.

I would like to thank everyone for the warm welcome and willingness to share about the town they call home.

Just another thing to love about Sullivan.
Join us on **October 4th at 9-10am** at Taunton Bay Education Center on Gordon’s Wharf to learn what’s new from our Friends of Taunton Bay. This will be our regularly scheduled monthly meeting. All are welcome!

Sign-up for our Immunization clinic for adults age 18+ to be held on **October 11th, 9am-12noon**, at the Sullivan Town Office, 1888 US Highway 1, Sullivan, ME 04664. To schedule an appointment, visit: [AgeWiseMaine.org](http://AgeWiseMaine.org) or call EAAA at 207-941-2865 for assistance. Appointments preferred, walk-ins are welcome.

In partnership with Eastern Area Agency on Aging and Northern Light Health, their healthcare team will be offering vaccines including Flu (offering both the vaccine for people ages 65+ and a vaccine for everyone under 65), the updated Covid-19 vaccine and RSV. **Please bring your insurance card!** Medicare covers all vaccinations, as recommended by the [CDC](https://www.cdc.gov). However, if you are uninsured - a 50% to 100% discount is yours based on annual household income.

Dr. Nirav Shah, the CDC’s principal deputy director says, “**For the past couple of seasons, the notion was that Covid controlled us. The tables have turned, not just for Covid, but for the others**”. For the past few cold-weather seasons, we obsessed over Covid. This year, we should take a broader approach.

**Covid-19:** Everyone age 6 months+ should be vaccinated this fall for the new strain of Covid-19. Our clinic will be offering the most current version of the booster this fall for adults age 18+.

**Flu:** Everyone age 6 months+ should get a flu shot this fall. Our clinic will be offering a specific flu shot for people age 65+, plus the regular flu vaccine for those 18-65.

**RSV:** RSV stands for respiratory syncytial virus. It is a winter virus that usually causes mild cold-like illness, but can be dangerous for young children and older adults. Dr. Shah recommends that everyone age 60+ should be vaccinated for RSV with a single dose. This new vaccination will be offered at our clinic this fall.

**WRITING CONTEST:** “**Tick: Off!**” Submit your entry to the Town Office by 9/30/23.
We often think of Sullivan and Sorrento history as part of New England, that is, from about 1760 onward. But this area was a part of New France (l'Acadie) for over 150 years prior to that, beginning with Sieur de Mons and Champlain's exploration of the Maine coast in the early 1600s. The western reach of Acadia was Pentagoet, now known as Castine. The coast south of that was referred to by the French as the Florida coast, as the Spanish had claimed the eastern seaboard north from present-day Florida.

French settlement began in earnest here by the 1630s, and unlike the English, the French lived alongside and among the Wabanaki without seizing their lands. Theirs was a mutually beneficial relationship: the Wabanaki taught the French how to survive here, how to hunt, build fish weirs and birchbark canoes, and they intermarried and blended a good deal. The Wabanaki benefited from the use of metal for cooking, knives, and guns, as well as having the French as their allies against enemy tribes.

There were recorded French settlements in most of the coastal towns of Hancock County: Penobscot, Brooklin, Surry, Blue Hill, Trenton, Lamoine, Hancock, Franklin, Sullivan, Sorrento, Gouldsboro. Evidence of them was still plainly visible in the 18th and 19th centuries, and some French residents remained into the 19th century on lands granted them by the French crown. A 1734 map shows two large French/Wabanaki settlements on either side of the Taunton River that had been there for several decades at that point.

When the English and French began to spar over the land in the French and Indian War, the French here had the advantage of knowing the ins and outs of the waterways from having been here so long. During this war, Frenchman’s Bay was used by the French as safe harbor for their warships, where they could make repairs and remain out of view behind the tall trees. Taunton Bay was a favorite ‘secret’ spot where the French ships could swiftly emerge and attack bypassing English warships that were unfamiliar with the area.

Even after the English sacked Quebec and won the war, this area was slow to be populated by New Englanders due to the rugged terrain and the remaining presence of Wabanaki and French inhabitants. As the French and Wabanaki retreated to the northeast due to the deadly threat of English-speaking newcomers who tolerated neither, our coast began to fill in with new names and settlements over the old, and the earlier history of this part of old Acadia was all but forgotten.

---

**Committee Notes:**

**Current Committees:** As a general rule committee meetings are open to the public. Check them out! Get Involved!

- **Harbor Committee**
  - Contact: Roger Wakefield
  - Meets as needed

  - Meets as needed

- **Comprehensive Plan**
  - Contact: Roger Wakefield
  - Meets 2nd Wednesday of each month
  - 6pm Town Office
Today's homes burn faster than ever. You may have as little as two minutes (or even less time) to safely escape a home fire from the time the smoke alarm sounds. Your ability to get out of a home during a fire depends on early warning from smoke alarms and advance planning.

It's important for everyone to plan and practice a home fire escape. Everyone needs to be prepared in advance, so that they know what to do when the smoke alarm sounds. Given that every home is different, every home fire escape plan will also be different. Have a plan for everyone in the home. Children, older adults, and people with disabilities may need assistance to wake up and get out. Make sure that someone will help them!

The Town of Sullivan wants to share these key home fire escape planning tips:

- Make sure your plan meets the needs of all your family members, including those with sensory or physical disabilities.
- Smoke alarms should be installed inside every sleeping room, outside each separate sleeping area, and on every level of your home. Smoke alarms should be interconnected so when one sounds, they all sound.
- Know at least two ways out of every room, if possible. Make sure all doors and windows open easily.
- Have an outside meeting place a safe distance from your home where everyone should meet.
- Practice your home fire drill at least twice a year with everyone in the household, including guests. Practice at least once during the day and at night.

For more general information about Fire Prevention Week and fire prevention in general, visit: fpw.org and sparky.org.

Mike Gurtler, CEO & Local Health Officer

Route 183/Tunk Lake Road, Sullivan is
Open 10am-3pm Saturdays & Sundays year-round.
Household waste:

We have a pay by bag system the fee is $1.50/bag up to 25 pounds.
You must purchase stickers or punch cards before going to the transfer station $1.50/each at the town office or by mail, or $1.75/each at The Dunbar Store or Hancock Grocercy.
If you have bulk waste or demolition debris, you will NEED TO PREPAY FOR IT AT THE TOWN OFFICE.
Greetings from RSU #24,

Well, the fall season is just around the corner. Hard to believe that we are already seeing the change in colors starting in some of our communities!

Our schools have been open for several weeks now and our students and staff have gotten into the routine of the school day. By all accounts, we have had a much smoother start to the school year compared to last year. A bit of normalcy has returned!

We only have a few items left to be completed with the new building project. The work continues on our ball fields and likely will for the next couple of months. At this point, it looks like we might get access to the ball fields during the 2024-2025 school year. The other major item to complete is the domestic water cistern project. This project will provide the necessary backup support to our domestic water use in the building. The Department of Education, our architect, the general contractor, and the RSU continue to work out the details of this part of the project. The remaining cistern project is estimated to take roughly four months and with the winter weather, this may have to be extended. I am happy to report that the new batting cage in the high school gym and the scoreboards in the middle school gym have been installed.

I would like to welcome Mary Cowperthwaite to the Regional School Unit #24 Board of Directors. Mrs. Cowperthwaite represents the town of Gouldsboro and will fill out the remaining term of the former Gouldsboro Rep. She will serve on the Budget and Finance Committee and the Policy Committee.

Our fall sports season is in full swing! Best of luck to all of our fall athletes and our coaches as they work their way through the schedule.

Thank you for your continued support of our schools. As always, if you have any questions or concerns, please feel free to email me at meastman@rsu24.org.

Sincerely,
Michael Eastman, Superintendent
Regional School Unit #24

FRENCHMAN BAY LIBRARY NEWS
October 2023
Summer Hours: Tuesday 1-6; Thursday 1-6; Saturday 10-3  Effective May 2nd-Oct 3rd
Winter Hours: Tuesday 1-5; Thursday 1-5; Saturday 10-2  Effective Oct 3- May 2nd

Frenchman Bay Library adheres to the Library Bill of Rights and the Intellectual freedom of the Right to Read. Books and other resources are provided for the interest, information and enlightenment of all people of the communities the library serves.

New Books we are ordering this month:
• The Lobster lady by Hinrichs and Hogan Picture book
• The Road to Dalton by Shannon Bowring
• The Heaven and Earth Grocery by James McBride

Frenchman’s Bay Library welcomes all through our doors.
For the month of September we celebrate author Barbara Kingsolver as well as our Dementia Awareness Display at the back of the library

Stay Tuned – Movie night is coming
Story Walk is available on the walking trail

Flu, Covid and RSV season are on the horizon with some cases of Covid already within our community now. If you feel you are vulnerable use masks and hand sanitizer when appropriate: Even if you have been vaccinated. Protect yourself.

We are still accepting food donations to our Food Pantry. The Food Pantry is located down by the Thrift Shop. Hours are Tuesday 1-5 and Saturday 10-2. Monetary donations should be made to the Schoodic Food Pantry in Gouldsboro. Food donations may be dropped off at Dunbar Store, the town office, the library or the Thrift Store.

Dog License
Available October 15, 2023
All Dogs Need to be License by January 31, 2024
Beat the Rush!!

When do dogs need to be licensed?
All dogs need to be licensed upon reaching the age of 6 months in the town where it resides. Or after the dog has been with the family for 10 days, if adopted.

Have you lost your dog's tag and it is not time to renew the license?
You need to obtain a new tag from your town office or city hall.

May a dog run *at large in the State of Maine?
It is unlawful for any dog to run at large except when it is used for hunting.
*At large means off the premises of the owner and not under the control of any person

What is the cost to license a dog?
For an "altered" dog, the Maine.gov total cost is $7.00 for a new license or a license renewal. The Maine.gov total cost for an "unaltered" dog is $12 for a new license or license renewal. The total amount you pay through this online service includes funds to develop, maintain, and enhance this online service as well as the State’s official web portal Maine.gov, and Maine.gov online services like this one. This online service is operated without any state government funding.

How do I register a service dog online?
This application is unable to determine if a dog being registered is a service dog or not. To that end, the registration fee will be assessed for each dog registered online. If you do have a service dog, and want to register it online, you may do so but you will need to contact your town office so that they can verify the dog's service status and issue a refund for the registration fees assessed online. Please note, first-time service dog registrants will also need to contact the town office to obtain a service dog request form.

Sullivan Daze Volunteers Needed

The Sullivan Fire Department has passed the responsibility for Sullivan Daze to the Sullivan Rec Committee. We need a subcommittee of volunteers interested in making Sullivan Daze better than ever. Your ideas, interest, and abilities will be appreciated!

Call Ray Weintraub 207-422-6282
Or email townmanager@sullivanmaine.org

The Sorrento Sullivan Recreation Centers mission is to provide a centrally located venue that provides programs that enhance the quality of life for our communities and address our unmet recreational, social, educational and cultural needs.
For the month of September we will have provided space an Auction, a sweet sixteen party, space for weekly AA meetings, emergency center during the hurricane, space for Hawk Henries presentation, space for a Sorrento Town Meeting and parking space for Fire Department vehicles that are for sale.
We will be having a couple of clean up and reorganization days in the near future. If you would like to volunteer – check our website for days.
The Recreation center will be collaborating with the library to provide movie nights for the upcoming winter months.
We provide space for the Frenchman Bay Library, The Sullivan Sorrento Historical Society, The Thrift Store and the Food Pantry.
We hold Board meetings monthly – (see website for date) and they are open to the public.
We are always looking for new members from Sullivan and Sorrento as well as volunteers to help during our events.
Thank You for allowing us to serve you.
Sorrento Sullivan Recreation Center Board.

HELP

Sullivan Fire Rescue needs your help. We are trying to procure a power load stretcher system. Let's face facts we are all getting older. In your time of need when you call for assistance what happens if no one comes or someone comes but doesn't have the correct equipment needed to assist you? When you are injured second's count. We the residents count on first responders to assist us. Usually if it's a medical call only two individuals show up. Depending on the type of call whether we have time on scene to make you comfortable or we load and go. Work place injuries the majority of the time are avoidable given that the tools that are provided can mitigate said injuries. With this we ask Can You Assist Us? With the power load stretcher system, it will help us in our attempt to prevent back injuries, as our current stretcher relies on us lifting it up and down manually. The power load is just that, its power. Run by battery, with the push of a button the stretcher goes up and down. No more lifting and straining. We first responders are getting fewer and fewer daily. If one gets injured and there isn't someone that can step up, now what?

This is the truck mounted part of the system.
Price is around $19000.00 for a refurbished unit.

This is the stretcher part of the power load system. Price is around $15000.00 - $20000.00 for a refurbished unit. Ideally, we would like to have the whole package but could get away for a bit with just the stretcher. That being said we are asking for donations to help procure this system to allow Sullivan Fire Rescue to better serve the community.

Thank You for Your Consideration,

Ryan Daley
