THE PAUL URANN HOUSE
A HISTORIC PRESERVATION PROJECT OF THE SULLIVAN SORRENTO HISTORICAL SOCIETY

Paul Urann was born in 1775 the son of John Sr. and Phoebe Davis Urann. The family first settled on Waukeag Neck (Sorrento). As a young man Paul purchased a lot of land on Long Cove in Sullivan. Town records indicate he purchased the lot #61 from the Town on March 8, 1804. He later acquired the adjacent lot. The Society believes that he built the home shortly after he purchased the land. He and his wife Mary (Welch) lived in the house until their deaths, at which time their son Samuel took ownership until his death in 1880. Paul Urann was in the lumber business and operated at least one mill. Samuel was a sea captain who mastered several vessels that were built in Sullivan. Both Paul and Samuel were active in leadership in the community. Records indicate that the property was sold after Samuel's death and has not been owned by a Urann since that time.

The house has many unique features, one of which being that over the past 100 plus years it has not been permanently modernized, thus making it more easily restorable. SSHS is in the process of restoring it to reflect the property as a way to display historical artifacts held in its collection and offer interactive programming that will allow young and old alike to relive the history of the area.

Society members have researched the history of the John/Paul Urann family as well as that of the house. This research is an ongoing effort, anyone interested in the project or that might have something to contribute may contact Gary or Jeanne Edwards at 422-0995, e-mail at info@sullivansorrentohistory.org.

Dear Friends of Sullivan:

It has been a privilege to serve the State of Maine since being sworn into the U.S. Senate.

Much of my time in Washington this past year has been devoted to the Senate Armed Services Committee and the Select Committee on Intelligence. Protecting our homeland and the people of Maine from terrorism and violence remains one of my top priorities. Through my work on the Armed Services Committee, I was able to secure several provisions in the 2016 National Defense Authorization Act that benefit Maine. The legislation authorizes the construction of an additional DDG-51 Arleigh Burke Class Destroyer that could be built at Bath Iron Works and expands the HUBZone program to stimulate economic growth at former military installations like the former Brunswick Naval Air Station.

Returning control to teachers, school districts, and states has also been a primary concern of mine. I am encouraged that the Every Student Succeeds Act has become law. It eliminates the burdensome requirements of the No Child Left Behind Act and ensures access to a quality education for all students. A provision I helped author in the bill will give states the opportunity to pilot the use of their own proficiency-based assessments in lieu of federally-mandated standardized tests. Also included in the bill are several measures I secured to promote local input, fund education technology initiatives, and explore new strategies to increase student access to the internet outside of school.

Communities across Maine have taken bold action to improve their broadband connectivity, and I have been proud to foster federal support for these types of projects. My amendments to the Every Student Succeeds Act will promote the type of work already occurring in Washington County, where students who lack broadband access are able to check out mobile hotspots from their local libraries. Additionally, a bill I co-sponsored, the Community Broadband Act, helped pave the way for the FCC to enact rules protecting the ability of municipalities to invest in better broadband. I am excited by Maine's leadership on this important economic development issue and will continue to support local efforts in this area.

After extensive negotiations, the Senate passed a five-year transportation bill that will increase highway and transit funding in Maine and provide stability to improve our transportation infrastructure. The legislation contains provisions I cosponsored to cut red tape and improve predictability and timeliness by streamlining the federal permitting process for large infrastructure projects. Also incorporated in this bill are my provisions to relieve financial regulations on Maine's community banks and credit unions and to reauthorize the Export-Import Bank, a critical tool that supports communities and small business across the state.

Following my inquiries in the Energy and Natural Resources Committee, the National Park Service has announced they will begin exploring strategies to allow park visitors to purchase electronic passes online and will pilot the program at Acadia National Park. These passes would improve access to our nation's most treasured landscapes and would generate resources for years to come. I remain deeply engaged in preserving Maine's natural beauty and strengthening our outdoor recreation economy.

It is with solemn responsibility that I have focused my energy addressing the opioid epidemic in Maine. This work includes convening roundtables with a wide-range of health care and law enforcement professionals to combat addiction; introducing a proposal to safely dispose of excess prescription drugs; cosponsoring a

Senate-passed bill that addresses mothers struggling with addiction and the alarming effect it has on newborns; cosponsoring the TREAT Act, which expands the ability of medical specialists to provide life-saving medication-assisted therapies for patients battling heroin and prescription drug addiction; and calling on the Commander of U.S. Southern Command to increase efforts to stop the flow of heroin at our southern border.

I like to think of Maine as a big small town – and in a small town, the leaders are accessible and eager to listen. In that spirit, I've made it a priority to stay connected with people from all over Maine who e-mail, write, and call with suggestions or questions. If I can ever assist in your interaction with a federal agency, or you have thoughts, concerns, or personal input on a matter that is currently before Congress I hope you will contact me, let me know where you stand, and engage in this critical part of democracy. January 2016

Dear Neighbors and Friends,

We have now begun the Second Session of the 127th Legislature. I am honored for the opportunity to continue serving the people of District 136 in the House of Representatives as Maine citizens continue to face many challenges. I look forward to working with fellow legislators, along with the Governor, to find solutions to the long-term problems that our state and our citizen's face. My goal is to ensure we have an effective and efficient government that handles your taxpayer money responsibly.

There are issues that must be addressed this legislative session, like lowering the cost of energy for businesses and homeowners, fighting the scourge of illegal drugs and continuing to create an economic climate where jobs are created and businesses thrive. I will also continue to be an advocate for our senior citizens and our states most vulnerable population, those friends and neighbors who have severe developmental disabilities or mental illnesses and struggle to find support and services.

Upon returning to the Second Session of the 127th Maine Legislature, I will continue to serve on the Health and Human Services Committee. This panel will be faced with many decisions that will affect residents of our district and across the State of Maine. I look forward to continuing the work of this committee.

I encourage you to visit the Legislature's website, http://www.maine.gov/legis, for up-to-date information, status of bills, public hearing dates and roll call votes on legislation. If you would like to sign up to receive my e-newsletter, please send an e-mail to Richard.Malaby@legislature.maine.gov. If you have any concerns about *your* State Government do not hesitate to share them with me.

Sincerely,

Richard Malaby

Paul R. LePage
GOVERNOR

Dear Citizens of Sullivan:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities is the reduction and eventual elimination of the income tax. Some are pushing to raise the minimum wage, but I want Mainers to earn a maximum wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here in Maine. It shows the nation that we are serious about wanting people and businesses to come—and stay—in Maine.

Another of my priorities is to lower the cost of student debt in Maine. If young people are struggling with too much student debt, they are unable to afford homes or vehicles. We are now offering programs to help them lower their debt, stay in Maine, begin their careers and start families.

To provide good-paying jobs for our young people, we must also work hard to reduce our energy costs. High energy costs are a major factor in driving out manufacturers, mills and other businesses that need low-cost electricity. I am committed to lowering the cost of energy, not only to attract job creators, but also to allow Maine people to heat and power their homes affordably and effectively.

And finally, we are making progress to address the drug pandemic in our state. It is my most important duty to keep the Maine people safe. While education, treatment and prevention efforts are important, we must get the dealers off the streets. I am pleased the Legislature has finally agreed to fund my proposal for more drug agents to stem the supply of deadly opiates flowing into our communities, but our law enforcement agencies are still understaffed. We must do more.

It is a pleasure serving as your Governor. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

)ear Friends and Neighbors:

am grateful that you've selected me to represent you in the Maine Senate. I am honored that you've put your trust n me and I will continue to work tirelessly for the betterment of you and your neighbors, as well as for the great tate of Maine. Please let me provide you with a recap of the first session of the 127th Legislature as well as my opes for the second session, which began in January 2016.

)ne of the most important items on our to-do list is clear: our state needs more jobs at all levels of the pay scale, so it s our responsibility and my solemn promise to work to expand economic opportunity for all Mainers. To this end, ıy fellow legislators and I accomplished a great deal during the first session of the 127th Legislature.

Ve passed a biennial budget that ensured that more Maine families received a tax cut than did in the "largest tax cut ı Maine history" in 2011. That same budget stopped taxes on military pensions, so those who have given all that a erson can give can feel welcomed and at home in our state. We restructured portions of our welfare system, ıcreasing funding for nursing homes, and put far more funding towards eliminating waitlists for services for brain- ıjured and intellectually disabled Mainers.

m really looking forward to watching how the significant changes we've already made will better the everyday ves of Mainers. I wanted to serve in Augusta because I believe that, while I'm here, I can have an impact on the irection of our district and state. Because of this belief, passing vital legislation (and, sometimes, stopping bad :gislation) has remained one of my top priorities.

.s you know, more changes are necessary. In 2016, during the second session of the legislature, we need to make rogress towards addressing the cost of energy in this state. There are a number of bills that have been proposed that 'ould change the way our state's energy system works, and I look forward to putting my support behind legislation ıat would lower your energy costs. I also believe that working to provide support to areas hard-hit by recent mill losings should be a focus of the 2016 session. Fighting the war of drugs here in Maine will also be a top priority for .wmakers and myself. Several bills have been proposed that will aid officers in combating the drug epidemic king place in Maine. We must come together and attack this epidemic through stronger enforcement, appropriate ducation and effective rehabilitation. I am sponsoring one of the several bills this session to address this serious :oblem.

ou have my sincere thanks for allowing me to represent you in Augusta. Please feel free to contact me at 207-287- 505 or at senatorburns@myfairpoint.net if you have comments or questions, or if you would like assistance in ıvigating our State's bureaucracy.

ncerely,

David C Burns

SCHOODIC BYWAY CORRIDOR MANAGEMENT COMMITTEE

2015-2016 Annual Report of the Schoodic Scenic Byway Corridor Management Committee

The Corridor Management Committee of Schoodic National Scenic Byway is happy to report on our progress in 2015 and the start of 2016.

Visitor Facilities and Information

- Completion of the granite exhibit at Gordon's Wharf in Sullivan. This wonderful exhibit welcomes visitors to the edge of Taunton's Bay. Special thanks to Larry Johannesman, Obadiah Buell, and Gary Edwards for their efforts with this project.
- Continued work on Gouldsboro-Prospect Harbor Kid's Quest site.
- Designs for the Kid's Quest wayfinding signs have been completed.
- Interpretive signs for Winter Harbor-Camp Moore have been manufactured.
- An interpretive sign for Sullivan-Sumner Memorial Park and Long Cove has been designed and manufactured.
- An interpretive sign for Hancock-Tidal Falls has been designed.
- A new bicycle rack at the Hancock Waterfront Trail has been installed. A big thank you to Bill and Polly Ceckler for their help with this!
- Acadia National Park opened the Schoodic Woods Campground, with hiking and biking trail systems and a visitor center.
- Acadia National Park announced that they will be monitoring visitor passes in 2016.
- Downeast Transportation committed to 30-minute bus service for Winter Harbor, Schoodic Woods, and Schoodic Point.
- Frenchman Bay Conservancy completed additional hiking trails in the Byway vicinity.

Planning for Future Improvements and Projects

- The manufacture and installation of signs that have completed the design phase is proposed.
- Several improvements will be made to the gateway area at Taunton Bay, including a new train exhibit for the Kid's Quest display to be made using unused MDOT equipment, and new sidewalks, landscaping, and a kiosk.
- Improvements are planned for the downtown greenspace in Winter Harbor, including, landscaping, parking, and a kiosk.
- Additional work at the Gordon's Wharf site, including interpretive signage and a flagstone surface.

Funding

- A $15,000 grant was received from the Betterment Fund for the Ped, Pedal, Paddle program.
- A grant for technical assistance was received from the National Park Service's Rivers, Trails, and Conservation program, to be used in 2016.

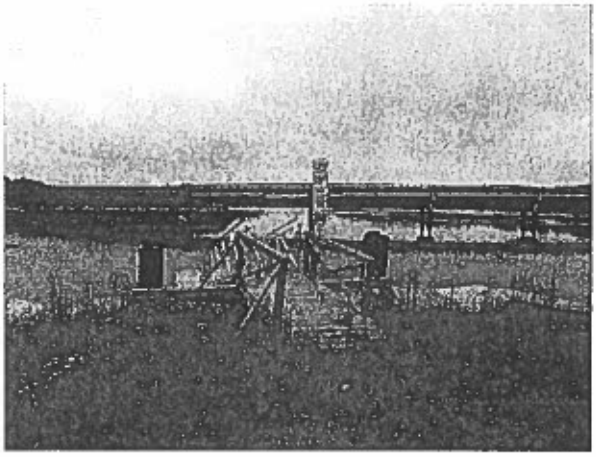
Public Participation

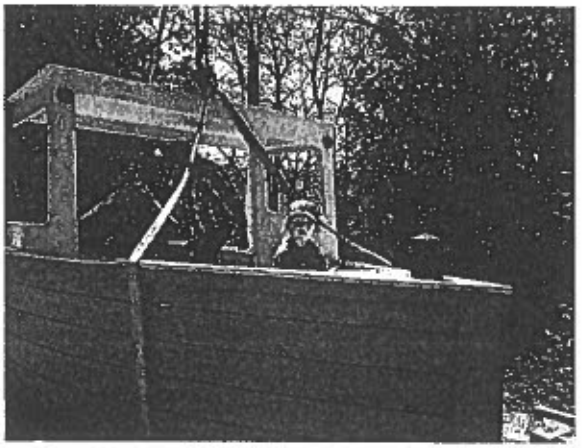
- We are currently in the process of planning for involvement in Acadia National Park's year-long Centennial celebration. If you have ideas about events or ways your community could be involved, please let us know!
- The Schoodic Byway Brochure continues to promote natural, historic, cultural and recreational assets along the byway. The brochures are distributed through Maine Visitor Centers.
- Further reductions in national and state funds for byway programs places greater importance on municipal and other contributions to continue improvements along the byway. Thanks to all that have given support.

We thank the select boards, planning boards, staff, historical societies, Chamber of Commerce, Maine Coast Heritage Trust, Friends of Taunton Bay, Frenchman Bay Conservancy and other organizations for their support. We thank the Hancock County Planning Commission, the Maine Department of Transportation and Acadia National Park for their technical and financial support.

The Schoodic National Scenic Byway Corridor Committee is a collaboration of Hancock, Sullivan, Gouldsboro, Winter Harbor and Acadia National Park to protect and promote this scenic corridor. Area residents are always welcome to attend byway meetings. You can learn more at schoodicbyway.org, or by calling the Hancock County Planning Commission at 667-7131.
Respectfully Submitted,

Barbara Shanahan, Chairperson





CEMETERY COMMITTEE REPORT

CEMETERY COMMITTEE FOR GORDON, BLAISDELL, JOHNSON, BIRCH TREE & HALL
JEANNE EDWARDS
HELEN B. GORDON

2014-2015 has been an uneventful year at the Sullivan cemeteries. No lots have been sold this past year, even though we have a few available at the Blaisdell Cemetery and also at Birch Tree cemetery. Remember that burial at any of the town cemeteries require a burial permit (no cost) from the town. State Law requires that we know whom is buried in any given lot. We need a new member of this cemetery committee because of Joe's passing.

If anyone wishes to volunteer to help clean or do trim work around the local cemeteries please call us.

PLANNING BOARD REPORT FOR 2015

The planning board had a very quiet year so much as we met only as needed instead of our monthly meetings.

We did have a couple of meetings on junk yard ordinances and have work in progress on that issue.

Our code enforcement officer, Millard Billings, has been handling all building permits of routine nature.

Board members are : Clyde Lewis, Chair; Elliott Daley, Co-chair; Marie Zwicker, Secretary; Robert Johnson, Robert Scott, Jack Hornberger and Michael Witz.

Respectfully,

Clyde Lewis
Chairman

Report of the Board of Appeals for the Town of Sullivan for 2015

The Board of Appeals had no meetings in 2015.

SULLIVAN FIRE/RESCUE 2015 ANNUAL REPORT

Sullivan Fire & Rescue responded to 153 calls for service in the year 2015 with roughly 85% of those calls being EMS calls. That is on average a call every 2.3 days. After research we have found that the fire department participated in around 506 hours of extra training which in return will just benefit not only the department, but the citizens of the Town of Sullivan as well.

In order to save tax payers money, Sullivan Fire & Rescue, with the assistance of one of our members, Christie Higgins, was able to obtain two separate grants to upgrade our aging Self-Contained Breathing Apparatus (SCBA's). Many of those older SCBA's were manufactured in the mid to late 1980's. The two grants we received allowed the dept. to obtain the newest model of SCBA's available. This ensures the safety for all of our members and allows us to better serve our community as a whole. Sullivan Fire & Rescue was also awarded a grant to supply members with new structural and extrication gloves as well as some new flashlights to allow us to perform our duties more efficiently.

As many of you know, Sullivan Fire & Rescue was established in 1959. Our department has come a long way since then, with improved training and upgrading with new equipment. Our members dedicate a tremendous amount of time to serve their community by responding to calls and attending additional training. With all of the improvements since 1959, our dept. and the town are still being hindered by aging fire apparatus. In 2013 the dept. received a new engine with the approval of the town. That purchase has without a doubt improved the fire suppression that we as a dept. can provide to the town. Even with that new engine the dept. is still trying to operate with a tanker that was built in 1991, a tanker that was built in 1992, along with an aging engine that was built in 1995. All three of these vehicles were not built as fire trucks, they were formally used as other commercial vehicles and converted into fire apparatus. Those manufacturing dates may not seem that old, but those pieces of apparatus are costing the taxpayers several thousands of dollars a year in maintenance in an attempt to keep them in service and operational due to their condition deteriorating quickly. Even with our diligent efforts to keep up on the maintenance of these three pieces of apparatus, the dept. is still having to take the trucks out of service several times a year for repairs. At times those repairs can take weeks at a time. This means that when they are out of service the dept. loses immediate access to extra water and a primary engine. This is causing the dept. to lose valuable resources during the time of a fire or other emergency. We are hoping to upgrade these pieces of apparatus in the near future to allow us to better serve the community.

Sullivan Fire & Rescue is always looking for eager volunteers to join our team! If anyone is interested, please contact a member of the dept., or stop by the Town Office to pick up an application. This is a great way to give back to your community.

Thank you for your continued support throughout the year, and remember..should you require their assistance, the Sullivan Fire & Rescue will be there!

Respectfully submitted,
Ken Gray, Fire Chief

To the residences of the Town Of Sullivan, I am happy to report that RSU 24 is leading the State in near competition of full implementation of Proficient Based Education for all grades. We have a very dedicated Administration and Staff which is guiding our schools to be the best schools in Down East Maine. Sumner High School is in the TOP 25 HIGH SCHOOLS in MAINE at NUMBER 22. We have many good things happening, just remember that some changes are slow to come but worth the wait.

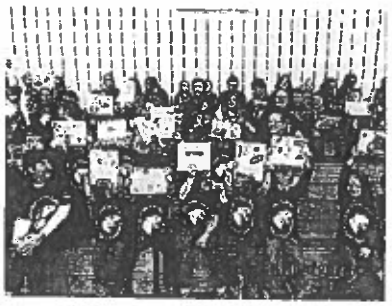
Regional School Unit 24

Regional School Unit #24 serves children in nine Hancock and Washington County communities. The district provides the



educational services for five schools and 978 students including general administration, centralized business services, food service, transportation, technology support and integration, and special education programming. Regional School Unit #24 employs 230 local citizens in a full range of professional and support positions. Funding for the district comes from several sources. State funding, determined by an Essential Programs and Services formula, bases state aid on local property valuations and the number of resident students. Regional School Unit #24 received $2,181,395 in state funding for the present fiscal year accounting for 14.2% of our $15,417,473 budget. The Town of Sullivan contributed 16.7% of the local cost of education. In addition to these sources, the district receives federal funding for several categories of services and also takes every opportunity to apply for grant funding to supplement educational programming.

Regional School Unit #24 provides for the education of 195 students who reside in Sullivan. Fifty-five secondary students attend Sumner Memorial High School. Four of these secondary students also attend Hancock County Technical Center for part of each day. Mountain View School enrolls one hundred and twenty four Sullivan students in grades pre-kindergarten through eight. Four students attend other RSU #24 elementary schools. An additional nine students attend school outside the district and three attend Maine's virtual charter school.

Sumner Memorial High School continues to make enormous strides with academics through a Proficiency Based Educational Model and in our ability to involve the community in the school. Scores continue to rise and pride is blossoming. Our Sumner Parent Partnership is growing every day. We have parents working with students, community, and staff to make the experiences for our students greater every day at Sumner Memorial High School. This year marks the fourth Annual Pam Harmon Arts Festival and Eighth Grade Step Up Day. We have over 50 community members teaching an art or craft to our students throughout the day on May 26th. This year, we have approximately 75% of our senior class applying to college and many to competitive universities and colleges. We attribute this growing interest in part to our MELMAC grant. This grant has enabled us to participate in many college and post secondary visits. The grant has also provided much in line with college aspirations including a luncheon where former alumni present their post-secondary experiences with our students.

Mountain View School continues to make significant progress towards meeting students' strengths and needs through proficiency-based learning. Our work towards having students reach proficiency extends through offering choices in music and art classes for students in grades 6-8. Additionally we have departmentalized teaching in grades 3-8 to assure greater expertise in the content standards and the best instructional practices to teach those skills and standards. Finally, we have implemented 80 minutes of science instruction every day for intermediate students.

Thank you to the many community volunteers who support our students and programs through assisting in our schools, helping with fundraising for our student activities and attending our many school events. The educational experience for our students is enriched through your efforts.

Three towns facing increased educational costs in RSU 24 budget

March 23, 2016 by Jacqueline Weaver on Education, News

SULLIVAN — Although the numbers are not yet finalized, it appears Franklin, Sullivan and Waltham will be seeing increases in educational costs because of increased property valuations.

Franklin and Sullivan are likely to pay 5 to 8 percent more for their share of school funding while Waltham's increase will be minimal, according to David Bridgham, business manager for Regional School Unit 24 (RSU 24).

RSU 24 includes Eastbrook, Franklin, Gouldsboro, Mariaville, Sorrento, Steuben, Sullivan, Waltham and Winter Harbor.

The school district's overall budget is expected to increase about 2 to 3 percent over the current funding of $15.4 million, Bridgham said.

The increases are largely for salaries and benefits, which make up more than 80 percent of the budget.

"We're looking at a very small increase in the total budget, 2 to 3 percent, but it is still a moving target," Bridgham said.

The spending plan is being finalized by the RSU's Finance and Budget Committee and a firm proposal is expected to be before the full school board May 3 or sooner.

Voters will have two opportunities to weigh in on the budget. The first will be the district wide meeting at Sumner Memorial High School June 1.

State law also requires a second, town-by-town validation vote, which will be conducted during the primary election June 14.

The state provides local funding to communities based on their property valuations, and, to a lesser extent, student enrollment.

Towns and cities with high-priced coastal real estate often receive little or no state subsidy.

This year, state property valuations were up in Franklin, Sullivan and Waltham, and down in the remaining RSU communities.

Property valuations in Franklin increased from $164 million to $168.6 million.

In Sullivan, the increase was from $172 million to $176 million.

The property valuation in Waltham increased by $50,000 to $29 million.

Bridgham said the total district-wide property valuation decreased by $15 million from $1.425 billion to $1.410 billion.

Student enrollment district-wide increased from 973 to 981. In Franklin, the enrollment increased from 193 to 203.

Still undecided by the RSU, Bridgham said, are what capital improvement projects will go forth.

Among those pending are a new walk-in refrigerator-freezer for the Sumner Memorial High School kitchen, which could cost about $100,000.

"It's a very, very old piece of equipment that has no life left in it," Bridgham said. "We're using it, but we're putting money into it just to keep it running, including a brand new compressor."

Among other pending projects are replacing roof shingles on the older section of the Cave Hill School in Eastbrook and paving the playground at Mountain View School in Sullivan.

"The asphalt has heaved up and there are potholes," Bridgham said.

He added that there are a number of smaller projects in almost every building in the RSU that could use some attention.

Frenchman Bay Regional
Shellfish Conservation Program
2015 to 2016

This past year has been successful in many ways especially in the town of Sullivan. The committee has implemented a closure in the Sullivan gonk and Bass cove area that is doing very well with growing clams. This closure was put into effect 4/1/15 and will not reopen until 9/30/2017. This area was brushed in 2014 and due to that measure there was an incredible amount of seed clams that set in. I have been watching this area very close to keep all clam harvesters from digging there and also the commercial harvesters have been watching this also. I have written 5 summonses to people who I have caught there in 2015. I have also put cameras overlooking the area and residents have called me when they see anyone digging there (even worm diggers) I check out all complaints.

Gary Edwards who is on the joint board for Sullivan, has been extremely helpful with follow up on any ideas that are brought to him and is always ready to listen. Ober cove is another area that we will be brushing in the near future to help the clam replenish themselves naturally.

Falls point (tidal falls) was seeded in 2014 but it wasn't successful, although there was a good natural seed set last year this are hasn't produced like expected. We are looking into options such as seeding and brushing. I believe that the abundance of green crabs in 2014 were a big factor why it didn't produce and also in other areas in Sullivan.

The residents and the harvesters I've talked with are committed to this ordinance and have been very helpful to me as far as the law enforcement part of this ordinance.

I believe this ordinance is working and can get even better with the continued participation of the harvesters, the residents and the committee we have.

Anyone who has questions about the law enforcement or harvesting of clams in Sullivan can call me at 207-400-6183 Mike Hall or Joe Porada at 207-479-0322.

February 26, 2016

Dear Sullivan Residents,

Here is information of activities and incidents of 2015 for Frenchman's Bay Library.
Late February the library suffered some flooding due to a burst heat pipe. The library remained open however, some items were not available for check out. Rug and shelving were removed to check the sub-floor. The middle of July we were able to begin our part of putting the library back together. Carpeting and shelves were placed in a new design and the books were returned to the shelves. It was great to return to full library services.

January and February the Healthy Self class met for one hour each Monday evening, lead by Kathy Nyborg and Jean Guyette.
Monday knitters attended informal sessions 3 times each month.
Pajama Story Time met the first Monday of each month. The November guest reader was Mr. Hall, teacher from the Mt. View School and December, Betsy Wakefield, Sullivan resident.

The Summer Reading Program theme was, "Every Hero Has a Story" and it was a great success. Farmer Paul Minor was our special guest. His pet pig Daisy was a great attraction for parents and children. We partnered with the Mt. View School. Children from the school, who visited the library, received a pirate's jewel or a gold piece. Money for the Summer Reading Program was received from the Rose and Samuel Rudman Grant through the Maine Community Foundation.

I continue to read monthly to the Pre-K class at the Mountain View School.

Our fundraisers were: January-Souper Chili Lunch, February-Cabin Fever Book Sale, June-Book & Bake Sale, August-An Evening With Artists, and November-Holiday Bake Sale.

The library provided fiction, non-fiction, movies, and audio books for our patrons. These services are free and help keep our community informed. Books not in our collection are available through the Inter-Library Loan program. Four computers are available for public use along with free WIFI.

We thank the Sullivan residents for their continued support. It is an integral part of our funding.

Sincerely,

Barbara Sawyer

March 29, 2016

2015-2016 ANNUAL REPORT

The Board of Directors wish to again thank the voters and taxpayers of the Towns of Sullivan & Sorrento, for their generous support for the past fiscal year.

We have recovered from the burst pipe in the library last winter, with the exception of a few minor repairs. WE wish to thank Ben Sawyer and John Guyton and Tim Guyette for their help getting the place back together as well as the library board.

We thank everyone who have donated time to improve the recreation center.

We had great success with the Christmas in July calendar that we did in July 2015. We wish to thank all the business that donated items to the calendar and the people who bought tickets. We raised $3550 in ticket sales.

Thanks again to Greg Ring for bush hogging the field.

The "Thrift Store" is still a huge success. Donations gladly accepted. If you have anything to donate, please call us at 422-6282. Gail Brown has taken the reins and is doing a terrific job. Thank you to all the volunteers who help out. A great big thanks Evelyn Carpenter and Sandra Preble, as well as Cora Gerrish as well as anyone else whose has volunteered at the thrift store. If we missed you please let us know. If you would like to volunteer please contact, Gail Brown or Kristine Guyton or Helen D. Gordon. Come check us out. Prices are really great. Money earned is split between the Recreation Center and the Sullivan Pet Project. The Thrift store really misses Hazel Phinney, who had to get done for health reasons.

We wish to thank the Bower Brothers from Hancock and Sorrento who donated the contents of Ruth Moss's home to the thrift store.

We had all the cupboards replaced on the back side of the Kitchen. Thanks to Ray & Ryan Daley for a great job. We want to upgrade the counter at the front side when we can.

This winter has not been so harsh on the Center with less snow and reduced oil prices.

We are working on building a new closet on the porch and placing 2 bathrooms in the space, at the front of the hall, which is a closet now. This will make everything easier for the visitors to the center with more bathrooms on the first floor.

Again the board wishes to thank each and all who have donated time, money and support to the well being of the Sorrento-Sullivan Recreation Center.

Board members are Kristine & John Guyton, Mary Ellen Jones, Greg Turner, Helen D. Gordon, Myra Hornberger of Sullivan and Judy High, Hazel Phinney, Linda Andrews, and Timothy Guyette of Sorrento.

Coastal Recycling better known as "Coastal" is a non-profit organization serving five towns including Sullivan. Its purpose is to process and sell all the recyclable materials that are delivered to the facility by the citizens of the governing towns as well as several contractors who deliver to the site for a fee. The facility is open to anyone who wishes to recycle the following materials: metal, metal cans both steel and aluminum, No. 2 plastics(as long as the top is smaller than the bottom), glass, newspapers, paperboard and white paper (such as unwanted mail), corrugated cardboard. Televisions and other electronic, as well as old appliances. There is a fee for appliances which contain Freon. There may be a fee for some electronics also.

Coastal generates revenue from the sale of recyclables when the prices are right and from a processing fee from the contractors who deliver cardboard and newspaper to the site. The revenue of material sold is not enough to cover the expenses of the operation of the facility and therefore the participating communities are assessed for the shortfall. Sullivan share of the Coastal Recycling budget for 2016/2017 fiscal year is $9200.00, the same as last year.

Solid waste generated by the residences of Sullivan, which are not recycled, end up going to a incinerator, which uses it to generate electricity at this time.

Household solid waste generated by the residences of Sullivan, is handled at our transfer station or by a hauler hired by yourselves. Everything you can recycle helps with amount of waste being hauled to PERC or another site.

No building or structure or part thereof shall be erected, constructed, expanded, moved, or altered to change the use without first obtaining a permit. No lot shall be divided as to make a substandard lot. More than two unregistered, uninspected, unserviceable vehicles stored in a yard

or field requires a permit for an automobile graveyard. These have been the major areas of permit violations this year.

There is an on-going Junkyard Violation from CEO Fuhrman, the Court has ruled in favor of the Town, but a contempt hearing is pending.

I have issued twenty notice of violations certificates during the past year. 12 of these violations have been corrected either by permitting, removal or consent agreements. One violation has been submitted to the Town Attorney for prosecution. The remaining seven violations are in various stages of correction, consent agreement and/or possible legal action.

It has been a pleasure to serve the Town and Citizens the past year. I would like thank the Office Staff for their support and assistance during my first year with the Town.

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Selectmen
Town of Sullivan
Sullivan, ME 04664

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Town of Sullivan, Maine (the Town) as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Town of Sullivan, Maine as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 6 and 19, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Sullivan, Maine's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Respectfully Submitted,

Reconciliation to Statement of Activities, change in Net Position:	
Net Change in Fund Balances - Above	($21,996)
Delinquent taxes are recognized as revenue in the period for which levied in the government-wide financial statements, but are recorded as unavailable revenue (a deferred inflow) in governmental funds	($11,334)
Bond proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Government-Wide Statement of Net Position. Repayment of bond principal is an expenditure in Governmental Funds, but the repayment reduces long-term liabilities in the Government-Wide Statement of Net Position	
This amount represents long-term debt payments	$27,247
Governmental funds report capital outlays as expenditures, while in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.	$311,848
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in Governmental Funds.	($250,591)
Changes in Net Position of Governmental Activities	$55,173

RSU 24 BOARD PRESENTS ANNUAL BUDGET

he Regional School Unit 24 Board of Directors has approved a General Fund budget of $15,816,407.57 for the scal year beginning July 1, 2016 and ending June 30, 2017. This represents an increase of $398,935, or 2.59% om the current year. Based on current revenue and subsidy information, the increase in local taxes needed to upport the budget is $358,355, an increase of 2.98%. Each town's increase (or decrease) in assessments to upport this budget depends on their valuation and the umber of resident students relative to the State as a hole and relative to other towns in the istrict. Property valuation and enrollment went down tatewide as well as for most towns in the istrict. However, valuation in three of our towns went o. These towns will see larger percentage increases their assessments to support the budget this ear. There are also towns that will see little or no crease and even a decrease in two towns.

The State funding formula does not work favorably for RSU 24. Like many coastal districts from Rockland to Eastport that have relatively low student numbers and relatively high property valuations, RSU 24's state subsidy continues to decline. Subsidy for FY 17 is $409,795 less than just two years ago. So long as the State's Essential Program and Services funding formula rewards larger, more urban districts and penalizes smaller and more rural districts, our towns may continue to see annual reductions in state support. At the same time, unfunded mandates for data and accountability increase. Yet statewide support for K-12 public schools remains unchanged and may actually decrease in coming years. That means districts like RSU 24 may expect to get smaller pieces of an ever shrinking pie.

BUDGET APPROVAL PROCESS

Voters will have the opportunity to ask questions and cast votes on the budget articles at the District Budget Meeting to be held on Wednesday, June 1st in the gymnasium at Sumner Memorial High School at 6:30 P.M. Following a presentation on the budget, citizens will be invited to vote on each warrant article. The final budget will be set at this meeting. A Budget Validation Referendum will be held at the time of the state and local election scheduled for Tuesday, June 14th at polling places in each town.

Additional information and a complete budget are posted on the district webpage, www.rsu24.org. Please contact members of the Finance & Budget Committee (Randy Bragg – Mariaville, Roy Gott – Franklin, Henri Gignoux – Steuben, Jenn DesJardin – Eastbrook, and Alison Johnson – Gouldsboro) or RSU 24 Business Manager, David Bridgham at dbridgham@rsu24.org if you have any questions regarding the budget or budget approval process.

HANCOCK, S.S STATE OF MAINE

To Helen Gordon, a resident of the Town of Sullivan, in the County of Hancock.
GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the voters of the Town of Sullivan in said county, qualified by law to vote in town affairs, to meet at the **Sullivan Town Office in said town on Tuesday, June 14 at 8:00 in the morning ,** then and there to act on Articles 1 and 2, and then warn and notify voters that **Town Meeting is at 7 pm at the Sorrento/Sullivan Rec. Center on Monday, June 27, 2016** then and there to act on articles 3 through 52, all of said articles being set out below, to wit:

Article

1. To elect a moderator to preside at said meeting.
2. To elect by secret ballot the following officers for the ensuing year:
   A. One selectman/assessor/overseer of the poor for 3 years.
   B. One RSU # 24 School Board Representative for 3 years.

TOWN MEETING AT 7:00 PM ON JUNE 27, 2016

3. To choose a budget committee.

4. To instruct the Selectmen to appoint all other Town Officials.

5. To elect a Trustee for the York Hill Cemetery for 3 years. (Helen Gordon's term is up)

6. To see if the Inhabitants of the Town of Sullivan will vote to authorize the Selectmen on be half of the town to dispose of any real estate acquired by the Town for nonpayment of taxes thereon, except shorefront property for which a public hearing would be held prior to being sold, on such terms as they may deem advisable and to execute municipal quitclaim deeds for such property. The Selectmen have the power to authorize redemption and re serve the right to accept or reject any or all bids.

7. To see if the town will vote to authorize the Selectmen to accept on behalf of the town, unconditional gifts of property and/or donations that they feel are in the towns best interest to accept.

8. To see if the town will vote to authorize the Selectmen to dispose of town owned personal property under such terms and conditions, as they deem advisable.

9. To see if the town will vote to authorize the Selectmen and Treasurer to issue interest bearing negotiable promissory notes issued for Capitol Improvements of the town and for the purpose of funding or refunding certain notes of the town now due or to become due during the Municipal 2016-2017 year and to fix a time within that said securities are to become due.

10. To vote that the 2016 taxes will be due on and payable to the Tax Collector as soon as the collector receives the warrant, and to extend a **2% discount** on 2016 tax bills if paid in full within **90** days of commitment, and to charge **7% per annum interest** on all unpaid taxes commencing **120** days after the commitment date.

11. To see if the town will vote to authorize the tax collector to accept prepayment of taxes and to vote to pay **0%** interest on said prepayments.

50. To see what action the town will take to meet the town's long term obligations with respect to trash disposal by choosing from competing proposals submitted by **PENOBSCOT ENERGY RECOVERY COMPANY LP (PERC) AND BY THE MUNICIPAL REVIEW COMMITTEE (MRC),** copies/summaries of such proposals having been deposited at the Town Office for inspection. A vote favoring PERC will authorize selectmen to negotiate and finalize an agreement to deliver municipal solid waste to PERC on terms substantially as set forth in their proposal: and a vote in favor of MRC will authorize the selectmen to execute and deliver a "Muncipal Joinder Agreement" to MRC, and to authorize MRC to act on behalf of the town (and other towns who also join) to finalize an arrangement to deliver municipal solid waste to a facility being developed by Fiberight, LLC in Hampden, Maine. Both choices involve long-term commitments of municipal solid waste and payment to these entities or their successors for the solid waste being delivered.
Choice A: PERC CONTRACT _____
Choice B: MRC CONTRACT _____

51. To see if the town will vote to appropriate $6000.00 from URIP for the following work:

Taunton Drive (Sullivan-Franklin line): Saw cut approximately 40 linear feet of existing pavement. Remove approx. 102 square yards of existing pavement and haul from site. Place approx. 4 inches of processed gravel. Fine grade as required and com pact. Place an application of hot bituminous 19mm pavement that will be a full two and one half (2 1/2) inches thick after compaction.
Morancy Road: At Box #148, sweep and prep area approx. 65 feet by 4 feet. Fine grade as required and compact. Place an application of hot bituminous 19mm pave ment that will be a full two and one half (2 1/2) inches thick after compaction.
Also to raise and appropriate $50,000.00 for a paving reserve account.
The Budget Committee recommends approval.

52. To see if the town will vote to increase the maximum property tax limit established by state law, in the event that the municipal budget approved at this town meeting results in a tax commitment in excess of the maximum property tax levy otherwise allowable, such that the increased maximum property tax levy hereby established will equal the amount committed. (By state law, the vote on this article must be by written ballot).
The budget committee and selectmen recommend approval.

Voted by written ballot: Yes _____ No_____

The meeting will open at 7:00 o'clock in the evening on Monday, June 27, 2016 at the Sorrento Sullivan Recreation Center at which time all other articles on the warrant will be taken up.
