The Power of a Good Neighbor

Living in a small town like Sullivan, we get used to the familiar faces at the store or town meeting, the wave from a passing car, and the occasional conversation that takes a little longer than planned. We may not know everyone's name, but we tend to notice when we haven't seen someone in a while.

As Thanksgiving approaches, many of us find ourselves thinking about the things for which we are grateful. Family, friends, good health, and the beauty of this place we call home are usually near the top of the list. But there's another thing worth appreciating: good neighbors.

Most of us have a pretty strong independent streak. We'd generally rather figure things out ourselves than ask for help. But we also know that when someone needs a hand, neighbors have a way of showing up, often without much fuss and certainly without expecting anything in return.

It might be shoveling a walkway after a storm, picking up a few groceries, or checking on someone who lives alone. Sometimes it's just sharing a cup of coffee, offering a ride, or stopping to visit for a few minutes. Little things, really, but we've probably all been on the receiving end of a kindness that meant more than the person offering it ever knew.

As the years go by, those connections can become even more meaningful. Having people around who know us, notice when we're missing, and are willing to lend a hand makes it easier to remain independent and connected to the community we love. And most of us have lived long enough to know that sooner or later, we're all going to need a little help with something.

At Age-Friendly Sullivan, we're fortunate to see that neighborly spirit in action. Our volunteer drivers, community gardeners, birthday card writers, roadside clean-up crews, and the folks who help organize gatherings are just a few examples. Of course, there are countless other acts of kindness happening around town every day that rarely get noticed or mentioned. That's usually just the way folks like it.

With Thanksgiving just around the corner, it's a nice time to appreciate the people who make our lives a little easier, a little brighter, a little more meaningful, or simply a little less lonely. Sometimes it's the smallest gestures that stay with us the longest.

Good neighbors have always been part of what makes a community feel like home. That's something for which we can all thankful.

Wishing everyone a warm and happy Thanksgiving from Age-Friendly Sullivan.

Phone: 207-422-4699 Email: gleasonconnector@gmail.com

WINTER IS COMING — LET'S GET READY!

October is the perfect time to prepare your home, your car, and yourself for the winter months ahead. A little preparation now can prevent bigger problems later.

Before winter arrives:

- Have your heating system checked.
- Test smoke and carbon monoxide detectors.
- Check windows, doors, and pipes for drafts or leaks.
- Stock up on essential medications and household supplies.
- Make sure you have flashlights, batteries, and emergency supplies.
- Apply early for heating assistance if you may need help.
- Make a plan for snow removal and transportation.
- Check on a neighbor who may need extra help.
- Oil/fuel prices are significantly higher this winter…be ready

Most important, don't wait for the first major storm to make a plan. Knowing who to call and having the supplies you need can make winter safer and less stressful. If possible, stash savings for extra fuel or apply for HEAP if you have not already! (See AVEC below.)

Important Contacts:

EAAA - Eastern Area Agency on Aging 800-432-7812 (Commodity Food Boxes, Furry Friends Pet Food, Medicare Savings, Caregiver Support, Access to Legal Services, Health Insurance Counseling.)

AVEC Community Action Partners - 207-764-3712, info@acap-me.org Free home safety checks, minor maintenance repairs, accessibility modifications for low-income 55+ and disabled. They provide home energy assistance (HEAP), help with overdue electric bills (AMP, Arrears Management Program), heat system repairs , safety aids for individuals with mobility challenges and more.

LOAVES AND FISHES FOOD PANTRY- 137 US Hwy 1, Ellsworth, 207-667-4363

SCHOODIC FOOD PANTRY - 829 US Hwy 1, Gouldsboro, 207-650-9164

SULLIVAN THRIFT SHOP FOOD PANTRY (pets too) 1776 US Hwy 1, Sullivan Tues/Sat 10-2

Neighbors helping neighbors make our community stronger.

Isolation can be a concern in winter. There are lots of fun and welcoming things to do!

SEE THE COMMUNITY CALENDAR IN THE TOWN CRIER OR REQUEST A CALENDAR FROM TOWN OFFICE

AGE-FRIENDLY EVENTS THIS MONTH

Age-Friendly Meetings are first Wednesday of each month at 8:30 AM for coffee/pastries and 9:00 AM for meeting. Always an interesting speaker and review of activities for the month! All ages all welcome! This is the best resource for what's happening and helpful information!

Coffee House meets at Sullivan Town Office from 10 AM -12 PM first and third Fridays each month for coffee, tea, pastries, games if you like, and lively conversations! A good place to connect neighbors!

LOL's Ladies Out Lunching will meet the second Friday of each month at a local restaurant. Fliers with dates are at Town Office! November will be Mosquito Harbor Brewing in Winter Harbor on November 13!

Bone Builders meets Tuesday/Thursday 10:30 AM -11:30 PM. Applications available!

For assistance contact Misty Gleason, Community Connector 207-422-4699 or Gleasonconnector@gmail.com. Available T/Th 1-4 at Town Office

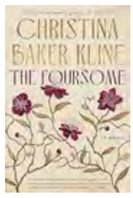
UPCOMING EVENTS

BOARD OF LIBRARY TRUSTEES MEETING
Next Meeting:
Nov 19, 2026
We meet at 5:30 at the library. Meetings are held monthly. Our meetings are open to the public. Please consider joining the library board. We need you!

TUESDAY BOOK CLUB



The Tuesday book club meets November 10 at 3pm. They will be discussing Foursome by Christina Baker Kline.

FIBER ARTS
Every Monday 10:30
Come embroider, knit, crochet, or do any other fiber art craft.

Tai Chi- Located at the Sorrento Community Building- Thurs 4pm
Nov 5th, 12th and 19th

POETRY CLUB
Last Saturday of the month
Share, create, and listen to poetry. Join us in the reading area.

SATURDAY BOOK CLUB
Saturday, Nov. 7 at 11:00
Join us in the reading area. The book for this month is Welcome to the Honey B & B By: Melody Carlson

PAINTING GROUP
Meets every Wednesday at Town Office 10:30
Just for fun!

SUPPORT YOUR LIBRARY
A fun way to support us:
We are selling T-shirts and book bags!
Shirts $15 | Bags $20

Follow us on Facebook for more info and updates

Do you like pie!? We will be at the flea market November 14 from 9-2 selling...you guessed it PIE!

LIBRARY HOURS

MONDAYS AND SATURDAYS 10-2
TUESDAYS AND THURSDAYS 1-5

A THANK YOU FROM US

We would like to thank the towns of Sullivan and Sorrento for continuing to support the library!
We are a nonprofit library in Maine, serving the towns of Sullivan, Sorrento, Hancock, Franklin, and visitors to the Schoodic National Scenic Byway.

Planting Fall Bulbs

Plant fall bulbs about six weeks before your first hard freeze, when soil temperatures drop to roughly 40–50°F, and set them at a depth about three times the bulb's height in well-drained soil. This timing ensures proper root development for spring bloomers like tulips, daffodils, crocus, hyacinths, and alliums.

Best Time to Plant

- Plant when soil cools below 60°F, typically six weeks before the first hard frost.
- Zones 3–5: September to mid October; Zones 6–7: October to mid November; Zone 8: late November to early December.
- Warm climates (Zones 8–11) require pre chilling bulbs for 12–16 weeks before planting.

Bulbs to Plant in Fall

Common fall planted bulbs include:

- Tulips, daffodils, crocus, hyacinths, alliums, snowdrops, grape hyacinths, fritillaria, and scilla.
- These bulbs need a winter chill to bloom properly in spring.

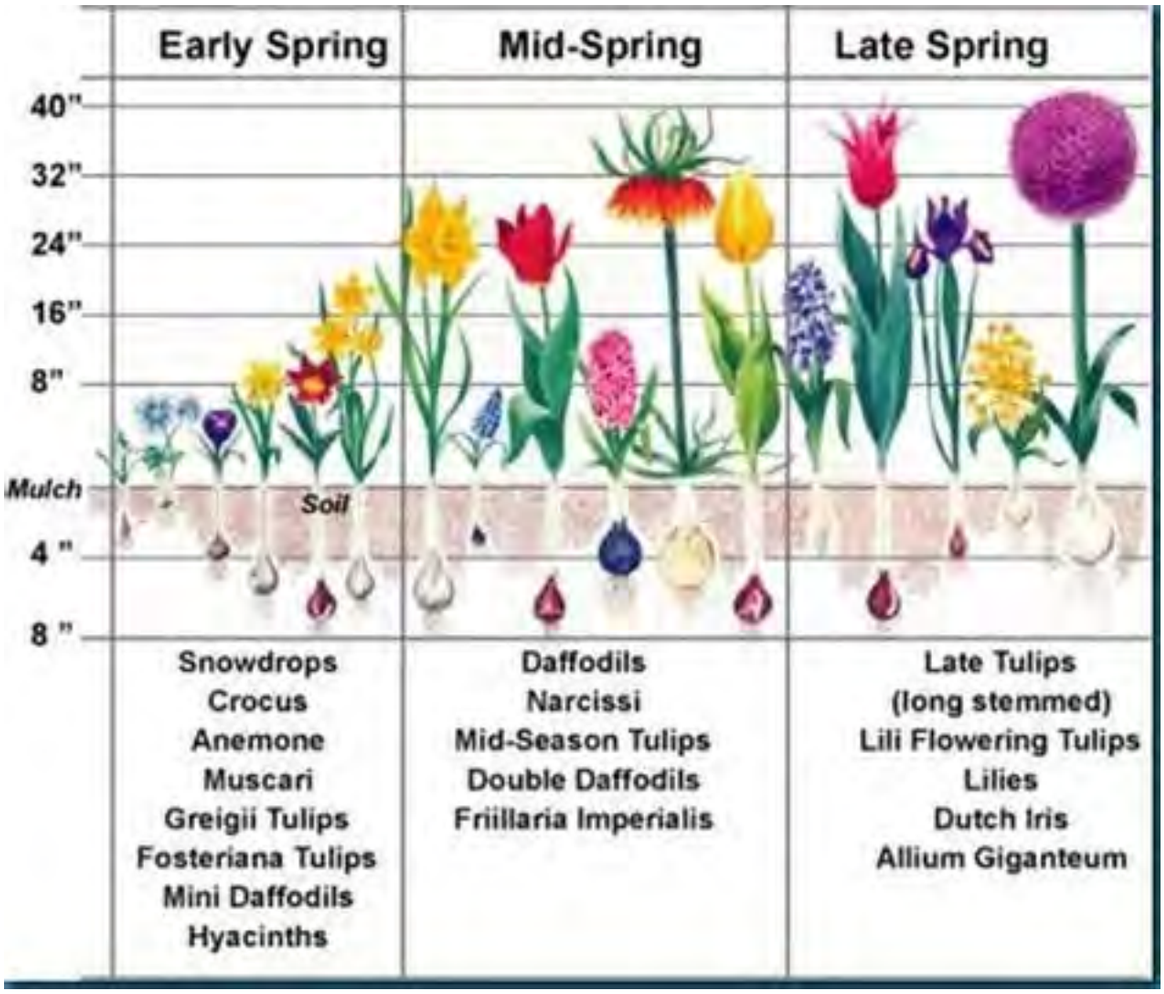
How to Plant

- Choose a sunny location with well-drained soil; bulbs "don't like wet feet."
- Plant pointy end up, at a depth about three times the bulb's height.
- Space bulbs according to variety, loosen soil to at least 8 inches, and amend with compost if needed.
- Water after planting and apply mulch to regulate soil temperature.

Recommended Fall Bulbs by Season

- Early spring: crocus, snowdrops
- Mid-spring: daffodils, hyacinths
- Late spring: tulips, alliums

(These bloom sequences help extend color through the season display.)



November 2026 VOL 2 1 | I SN 11

PARKS AND RECREATION

Wellness/Recreation Stipend

In an effort to promote accessible recreational opportunities and enhance recreational programs for the residents of Sullivan, the Parks and Recreation Committee will provide a stipend of up to $50 for one Health/Wellness or Recreation course, through RSU#24 Adult Education.

Specifications

The stipend is for one course registration fee per fiscal year, per resident. The stipend cannot be used for any additional fees. If a person registers but does not attend the course, Sullivan will be billed for the enrollment and the resident will forfeit their annual course stipend.

- Example one: CPR - Heartsaver/AED - offered fall 2026 cost $60. Parks and Recreation will cover $50 toward the cost of this course; the resident will have used the one course per year stipend.

- Example two: America's Boating Course and More - offered fall 2026 cost $25. Parks and Recreation will cover the full $25 cost of this course; the resident will have used the one course per year stipend.

Registration Process

Residents interested in using the stipend must register in person or over the phone through RSU#24 Adult Education. Residents are encouraged to pre-register or register early. Cancellations must be made 7 days prior to the beginning of the course.
Residents can select from a pre-approved list of courses promoted on the Parks and Recreation website and on the Parks and Recreation Facebook page.

Pr-approved fall 2026 Courses:

CPR - Heartsaver/AED - $60

CPR - BLS for healthcare professionals - $52

Let's Get Fit and Stay Fit - $74 for 6-week class.

Yoga - $72 for 6-week class.

Adult Fitness and Senior Fitness classes are free.

America's Boating Course & More - $25 registration fee

The Parks and Recreation Committee seeks a parent of school-age children to serve on the P&R Committee. If you are interested please contact Bonnie Sparks. We would like diverse representation and participation.

Attend our monthly meetings, first Thursday of the month at 6 PM at the Town Office or email us at Parks_Rec@sullivanmaine.org

Transfer Station is located on Route 183 Tunk Lake Road, Sullivan; it is open 10-3 PM Saturdays and Sundays year-round.

Household waste: We have a pay-by-bag system: the fee is $1.50/bag up to 25 pounds. You must purchase stickers or punch cards before going to the transfer station $1.50/each at the Town Office or by mail, or $1.75/each at The Dunbar Store or Hancock Grocery.

Demo: you must pre-pay before taking items to the Transfer station. You can obtain demo slips and household waste stickers at the Sullivan Town Office Monday - Thursday 7:30-5:00 (closed for 30 minutes for lunch at 1:00 PM).

November 2026 VOL 2 1 | I SN 11

S.F.R. Sullivan Fire/Rescue

Fire Safety for a Downeast Maine November

Seasonal reminders for home, road, and yard.

As November brings colder nights to Downeast Maine, many households turn to wood stoves, fireplaces, and other heating equipment. Before settling in for the season, check that smoke and carbon monoxide alarms work, keep anything that can burn well away from heaters, and have chimneys and heating systems inspected and cleaned as needed. Put fireplace ashes in a covered metal container outdoors, away from the house.

Candles and holiday cooking can also spark a fire, so stay in the kitchen while cooking and never leave a candle burning unattended. If a power outage prompts you to use a generator, keep it outdoors, far from doors and windows. A few simple precautions can help keep homes and families safe through the season

Driving in inclement weather
Rain, fog, wet leaves, and early frost can make November roads slick. Slow down, leave extra space between vehicles, and allow more time for the trip. Before heading out, clear your windows and lights, and check that your wipers work well. Brake and accelerate gently; if conditions feel unsafe, wait for them to improve before continuing.

Safer body mechanics for yard work
Before raking leaves, clearing branches, or putting the yard to bed, warm up with a few minutes of easy movement. Bend at your hips and knees, keep loads close to your body, and turn your feet instead of twisting while carrying. Break larger jobs into shorter rounds, switch sides when you can, and pause if you feel pain or unusual strain.

Sullivan Fire
@sullivanfirerescue1

venmo

We are excited to announce our partnership with the Maine Bureau of Highway Safety as an official car seat distribution and inspection site!
Our certified child passenger safety technicians are here to help you ensure that your child is safely secured in their car seat. Plus, we are proud to offer brand new car seats to income-eligible families in need. Your child's safety is our top priority. Send us a message to learn more about this important service!

Donations are appreciated. There are two ways to donate: scan the venmo code to the right, or send/drop a check off at the Sullivan Town Office. Thank you for your support.

——November News——

The historical society has a fun new project on its hands with the donation of a walking wheel that was rescued from the Swan's Island dump by Sorrento residents Kimo Bailey and Lynn Stone. A walking wheel, or great wheel, is a large spinning wheel used primarily in colonial times to spin wool into yarn.

We began researching the wheel with the help of experts – the fiber arts community is strong in Maine! Quickly, we learned that it is a Shaker wheel. On the end of its base, the initials BB are carved. Amy Thompson of the Maine State Museum wrote:

- "Marked Shaker wheels are marked for the trustee during the time they were made. Barnabas Briggs and Nathan Merrill were appointed as the first trustees of the Sabbathday Lake community, Nathan Merrill provided that land on which it still stands.
  Sources vary but apparently Barnabas Briggs was trustee from 1794-1801 and Merrill 1796-1806, so their dates overlap.
  This is very clearly a Shaker wheel by style and looks like other BB marked wheels I have seen from Sabbathday Lake. That mark places it in the time period of 1794 to no later than 1801. I cannot say when they stopped using BB for wheels made for sale to the outside world (they typically did not mark items made for their own use) but I suspect it went right to 1801 as we see more surviving wheels marked with BB as opposed to NM."

Shaker-made wheels were considered the best as they were made to last, and the two Shaker communities in Maine produced about 3,000 wheels between 1794-1860 that were shipped up and down the Maine coast for families to use in their homes. Walking wheels are rare to find now, as wheels were made smaller and then the Industrial Revolution changed the nature of textile making.

This wheel is in good shape considering it is 225 years old, but it needs a lot of love and restoration. Amy recommended us to Susanne Grosjean, but we beat her to the punch! Susanne is excited to be helping with the restoration of the lucky rescue.

We'll keep everyone updated on this fascinating process!

November 2026 VOL 21 | I SN 11

Schoodic Gateway Event Center

P O Box 156, Sullivan, Maine 207-422-6405
November 2026 ssreccenter.com
Facebook: Sorrento/Sullivan Rec Center

The Sorrento Sullivan Recreation Centers mission is to provide a centrally located venue that provides programs that enhance the quality of life for our communities and address our unmet recreational, social, educational and cultural needs.

NEW WEBSITE: Schoodicevents.org Check the calendar for upcoming events.

Unfortunately we were not awarded the grant that we were raising the $100,000 through the GOFUNDME. The monies that were donated to us will be held in a separate account and used in cooperation with The Schoodic National Scenic Byway to provide the site with a suitable exterior improvement. We are thankful for everyone who donated and for The Schoodic National Scenic Byway who supported us in this endeavor.

WE still will be doing cleaning and organization within the building including cleaning and organization of closets small spaces and foyers. The foyers will no longer be depositories of stray magazines, bins of books, stray interior signs, exterior signs, random furniture and any other items that detract from the openness and safety of these spaces within the building. The only items within these areas will be bulletin boards and any necessary supplies to maintain the safety of the exterior of the entrance during winter months.

While you are attending functions within the building would you please consider do-nating to the Building operation fund to help us defray the unplanned increases of operational costs. Unstable oil prices are driving these increases to other operation costs within the building ie. heating oil, electricity, trash removal, and propane to name a few. Any donations would be greatly appreciated.

Upcoming events for October-November
Oct 24 – 25 Private Party
Oct 30 – Private Wedding
Nov 7 – Private party
Nov 14 – Craft fair (Public)
Nov 21 –Auction (Public)
Nov 26 – Thanksgiving Pot Luck (Public) (Donations Welcome)

Thank you for allowing us to be part of your lives. We couldn't do what we do without you.

With gratitude, The Schoodic Gateway Event Center Committee Members (Sorrento/Sullivan Recreation Center)

November 2026 VOL 2 1 | I SN 11

Greetings From RSU 24

It is hard to believe that the end of October is within striking distance. The colors have been beautiful and the temperatures just right, crisp and cool! We are about 8 weeks into school and things seem to be running smoothly.

Believe it or not, we have already started the budget conversation for the 2027-2028 school year. We've had a couple of Finance and Budget Committee Meetings and discussed dates of upcoming meetings. The RSU Board of Directors recognizes that times are tough and, as a result, the conversations have also included how best to plan for the long-term fiscal sustainability of the district. This has not been and won't be an easy conversation. I am hopeful that we will be able to figure out how best to meet the needs of our students while balancing our communities ability to support those needs. The date, time, and location of our meetings can be found on our website (www.rsu24.org). The actual FY'28 Budget Workshops will take place on January 26, February 4, February 9, February 23, and March 4 and all meetings will take place at the District Services Facility unless otherwise noted on our website.

From the Sumner Athletic Boosters:

Get ready to light up the field, Tiger fans! Sumner Athletic Boosters invites the community to join our middle and high school soccer teams for a fun-filled Glow-in-the-Dark Soccer Night this November! The exact date will be announced once the high school playoffs have concluded.

The evening will kick off at 4:00 p.m. with a middle school soccer game, followed by a high school game at 5:00 p.m. Teams will feature a mix of boys and girls, making this a fun opportunity for our athletes to come together and celebrate the end of another soccer season.

This special event will also serve as the official kickoff for the Light Up the Field Project, an initiative to raise funds for a lighting system for the Sumner soccer field. The field is used by all of our teams, and adding lights would provide more opportunities for our student-athletes to practice and play. Donations will be collected throughout the evening to help make this important community project a reality. There is no admission charge, so everyone is welcome to come out and enjoy the fun!

We encourage community members to bring a crockpot of their favorite tailgate food or another dish to share. Whether it's mac and cheese, baked beans, chili, or something sweet, let's make this a true Tiger community gathering! Sumner Athletic Boosters will provide hot chocolate and coffee to help keep everyone warm.

Bring your family, invite your friends, wear your Sumner blue, and come cheer on our student-athletes as they take the field for their final soccer games of the season. It's a great chance to celebrate our teams, support our athletes, and help get the Light Up the Field Project shining bright!

Be sure to follow Sumner Athletic Boosters on Facebook for the official date, event updates, photos, and more information about the project.

Let's fill the field with Tiger pride and make this a night to remember!

Go Tigers!

For those interested, there is no school on November 11th (Veterans Day), November 25-27, and December 24th to January 3rd.

Thank you for your continued support of the school district. If you ever have any questions regarding the district, please don't hesitate to reach out to me at meastman@rsu24.org.

Sincerely,

Michael Eastman, Superintendent, M.Ed., CAS
Regional School Unit #24 2165 US Highway 1, Sullivan, Maine 04664

Fall Festival 2026

Fall Fest 26 was a success! It was a beautiful day for the event and we had an awesome turnout. It is so much fun to see the kids and their families out and enjoying the beautiful day at the park. We would like to say thank-you to everyone who came out, from the community at large to our vendors and volunteers. These events would not happen with out them.

Holiday Decorating:
Keep Toxic Plants Out of Paws' and Little Hands'Reach

Festive greenery can make Thanksgiving and Christmas feel extra special, but some popular decorations can harm children or pets if chewed or swallowed. Holly berries and mistletoe can cause stomach upset, while yew is especially dangerous: its needles, seeds, and other parts can cause severe poisoning. Keep all parts of these plants well out of reach, or choose artificial alternatives. Amaryllis bulbs can cause significant illness if eaten.

Poinsettias are less dangerous than many people believe, but their sap may irritate the mouth or stomach. Holiday bouquets need extra care around cats: true lilies, including tiger, Asiatic, and daylilies, can cause life threatening kidney failure, even from small exposures.

If a child may have eaten a plant, call Poison Control at 1-800-222-1222 for guidance. If a pet may have eaten one, contact your veterinarian or an emergency veterinary clinic promptly. If you can, keep a sample or photo of the plant handy, and don't wait for symptoms to appear.

Town of Sullivan Presents

Our Giving Tree

If you would like to help,
Pick a Gift Tag off the tree
And help someone in need.
Please wrap gifts and secure the gift tag to your gifts and return to the Sullivan Town Office By December 16th
